Product Description

A successful physician and devoted family man, John Dolittle (Murphy) seems to have the world by the tail, until a long-suppresses talent possessed as a child - the ability to communicate with animals- is suddenly reawakened with a vengeance! Now every creature within squawking distance wants the good doctor's advice, unleashing an outrageous chain of events that turn his world upside down!

Featuring an all-star menagerie of voice talent (including Chris Rock, John Leguizamo, Norm MacDonald, Albert Brooks, Gary Shandling and Ellen DeGeneres), this wild and woolly free-for-all is your prescription for hilarious hijinks and "mischievous fun!" (The New York Times)

Amazon.com

There's something intrinsically funny about tactlessly truth-telling talking animals. And there are plenty of those--and laughs to go with them--in this 1998 reimagining of Hugh Lofting's children's story. Murphy plays the doctor in question, a modern-day San Francisco physician who discovers that he can understand what animals have to say. Director Betty Thomas makes the most of an amazing voice cast for the animals, led by Norm McDonald and including everyone from Garry Shandling to Julie Kavner to Albert Brooks. The story itself is pretty slim--will the conscientious doctor sign his soul away to a greedy HMO?--but Murphy makes the most of it, often providing priceless reactions to animal

Read the book instead
By S. Brown on January 10, 2007

Format: DVD

Just a note to those who were uncomfortable watching this film with their children; movies have ratings for a reason. This movie is rated PG-13, which tells you up front that it has content that is considered inappropriate for young children. In this case, it is crude humor.
What I don't understand is why they made a movie with a story line aimed at a young audience, and then inclduded content that earned it a rating that recommends that a young audience shouldn't see it.

No Repeats
By JediMack on June 26, 2003

Format: DVD

This is a movie I bought first, primarily for the kids because of the reviews. No one ever asked to watch it a second time. I say this because one of my kids was watching the Lion King last night, for the umpteenth time. So yes, I agree that eddie murphy impressed me again with his talent... but it just didn't grab my kids, 3 boys and 2 girls. I had to give it a good rating of 3 rather than a 2 to encourage the making of good movies.

We Loved It and I'm not your Momma!
By A Customer on December 2, 1999

Format: VHS Tape

I don't care what any of those fops say about not buying this video. It's hilarious, my daughter just loves it and when she calls for me, Momma, I say, I'm not your Momma! - ala the scene where the egg hatches - at which she falls down in uproarious laughter and has become a big family joke. I think

Eddy Murphy is hilarious and I couldn't live without that Guinea pig! Indelible! Shut the hell up about Rex Harrison. No one cares. My life is too serious all day to not be able to chill out with a fun movie once in a while.

★★★★★ **A hit in my house.**
By B. Pearce on March 27, 2016

Great Movie! Watched again with my MIL. She really had a good time watching this. We will be watching Dr. Dolittle 2 very soon! I think it's much better than the original, although the original was a musical and is hard to compare the two versions because of that. I am partial to musicals. This version added some very funny elements to the story that kept it moving at a good pace with frequent laughs. Good family fun!

Great video. Eddie Murphy is at his comedic best as a doctor (turned veterenarian) who discovers that he can talk to the animals. I viewed this years ago on VHS tape and just upgraded my video collection with the dvd.

★★★★★ **I love this movie!**
By Hannah Forth on March 20, 2014

Format: Blu-ray | Verified Purchase
After I received this fil, I pulled out the original (Rex Harrison) and watched it. You know, see them in order. OMG! What was I thinking? While I realize they are very different types of movie, I had forgotten that ANY resembalence to the two is purely coincidental!!!
Further more, the original is awful. Bad songs, bad puppets, bad script! While I will never get rid of the original (I have very fond memories from childhood (where I apparently chose seriously bad cinema) or my tastes have changed drastically! I think it may be a bit of both. Here's my advice...get both. The old one is considered a classic, and kids adore it. I think that's enough reason. As for the Eddie Murphy version, get it. It is a funny and magical ride.

Not really the best of "Family" movies. Too much swearing and questionable references.....there are better options for your family movie night then this one. Never saw the original movie but I can't imagine it is as bad as this one.

★★★☆☆ **Dr. Dolittle**
By Shirley Wilhite on October 7, 2002

Format: VHS Tape
When my grandchildren brought over to my house the movie Dr. Dolittle, I shuddered to think what kind of language might be on the video. I kept my hand on the remote control, ready to change channels at the first sign of Eddy Murphy's colorful lanugage from his past movies. But I was surprised to see that wasn't to be. Most of the language my grandchildren didn't understand anyway but they enjoyed watching the animals talk.
The Dr. Dolittle movie is a great escape from our everyday life routine. I have watched this movie about 15 times and each time I crack up laughing at the scene where Eddy Murphy (John) wakes up in bed and realizes something is crawling on his chest. John lifts the sheet to find Rodney (the family's guinea pig). John lets out a terrifying scream.
John along with his two partners are trying to sell their medical practice for a large sum of money. John is married to a very supportive wife and they have two kids. Pressures from the sell of the practice and all of the talking animals are taking a toll on poor John. Everyone thinks John is cracking up. John checks into a medical center. One thing after another happens, which I will not reveal because you need to watch this movie yourself.
John medically treats the talking animals anywhere from plucking a twig from an owl"s wing to

operating on a lion. Eddy Murphy could not have done such a good job without all of the star menagerie voices of: Chris Rock, John Lequizamo, Norm MacDonald, Albert Books, Garry Shandling and Ellen DeGeneres. Talking animal movies have been done before but they are what makes this movie seem exceptionally funny.
Dr. Dolittle is a "must" see movie, there is a moral to the story. It can teach children that just because you might be "different" does not mean you are "weird".

Item Description: Cooper Square Press, N.Y., 2000. Large Paperback. Book Condition: Fine. BRAND NEW LARGE PAPERBACK OFF OUR WAREHOUSE SHELVES, 256 pages, profusely illustrated, with a comprehensive dicography and song lists to rear. (Note: this is a remaindered copy, with a small black remainder dot on bottom edge).Based on extensive interviews, Reminiscing with Noble Sissle and Eubie Blake recounts the lives and music of singer-lyricist-band leader Noble Sissle (1889-1975) and ragtime-composer Eubie Blake (1883-1983).Their 57-year partnership began in 1915, when Broadway beckoned with a wealth of opportunity:thriving theater companies performed vaudeville, revue, musical comedy, and operetta to enthusiastic audiences. This book captures all the optimism and vibrancy of early twentieth-century black performers and musicians. In 1921, Sissle and Blake's breakthrough musical, Shuffle Along brought authentic ragtime and jazz dancing to the Broadway for the first time - a combination that opened up new avenues in musical theater for black and white performers alike. Richly illustrated with a rare collection of photographs, theater posters, playbills, sheet music, and reviews, Reminiscing with Noble Sissle and Eubie Blake recreates an unforgettable era in musical theater. Item Description: Nice, 1934. Kein Einband. Book Condition: Sehr gut. Original printed playbill, 22.0 x 13.7 cm. About fine, save for light damp stain to lower margin. Announcement for a cultural soiree aimed at the Russian emigre community in Nice, featuring the then-celebrated dancer N. Ikar (pseudonym of Nikolai F. Barabanov,1880-1975). Strongly influence by Isadora Duncan's St. Petersburg performances in 1907, Barabanov resigned his post as a civil servant and, despite his lack of formal training, began to perform himself in rented apartments and small night clubs. Disguised as a woman, he staged small parodic shows, initially in the manner of Duncan. Soon he was invited to join the Krivoe Zerkalo Theatre, founded in 1908, where he continued to develop his own genre of parodic dance performances based on famous performers such as Duncan, Anna Pavlova, and Tamara Karsavina. He soon began to enjoy enormous success and to attract the attention of other key figures of Russian Silver Age culture. He was hired by Diaghilev for a year-long engagement in London and appeared in Chardynin's 1916 silent film "Rokovoi talant" (Fateful talent). In 1918, Ikar emigrated abroad and after a brief period in Rome, where he worked with F. T. Marinetti, he settled in Paris, where the majority of the Russian emigration remained throughout the 1920-30s. In June 1934 shortly after the performance advertised by the present playbill, the Paris cultural community celebrated his quarter century on the stage. In 1947, he chose to repatriate to the Soviet Union, where he died entirely forgotten in 1975. Despite his pre-revolutionary fame, he remains largely unknown in contemporary Russia. A rare memento of provincial emigre culture in France. Bookseller Inventory # 002038

Great Product
April 14, 2012

MrzSmith
from Charleston, WV **Interests:** Education Planning

I got these for the Grade Six (6) class. They are appropriate for that age. They have a wonderful construction. Nice colorful pages. We put pictures of each student to the front and back cover and they are sturdy. They wont just fall apart, you have to tackle with them. The children enjoyed using them. I am very happy with my purchase.

Pros: Educational, Assembly, quality, Child's Favorite, Age appropriateness

Great addition to any party!
May 3, 2016

MoBetter
from Indiana **Interests:** Party & Event Planning **Number of Kids:** None

I bought these for my mom's birthday party for people to give her a birthday message for a keepsake. But I've used one for my cousin's Sweet 16th, and I will be using one each for my niece's college graduation and 2 of my cousin's high school graduations. They are 80 page each. So only 1 needs to be used for each event. It comes in a set of 12. I will be using these for years to come.

Pros: quality, Assembly, Age appropriateness, keepsake, multi use

Great Family Reunion Idea
August 1, 2014

Jackie56
from Marlton, NJ **Interests:** Family Fun Activities **Number of Kids:** 2 **Age of Oldest Child:** Over 18 **Age of Youngest Child:** 15-18

We bought the autograph books to hand out at our family reunion so family can have information about other family members all in one spot. I was quite impressed with this product. Most reviews I read spoke about buying the autograph books for children. Our books will be used by both children and adults. I am sure they will love them! The autographs, especially from the senior family members will be treasured!

Pros: quality, Age appropriateness

Yes, I would recommend this product to a friend.

Description | Reviews

This Daler-Rowney System 3 Acrylic Jumbo set will make any artist happy. Eight huge 150ml tubes in the perfect mixing colors are sure to please.

System 3 is a high quality, flow-formula, water-based acrylic paint that offers an excellent painting experience. It has excellent light-fastness, permanence, durability and covering power.

All colors can be thinned with water to create pale washes or used directly from the tube. In either form, the color dries quickly to create an insoluble film. The quick drying properties of the range enable the artist to work quickly, placing colors over each other or side by side without any problem. Acrylic mediums can also be added to extend the creative possibilities, including screen printing.

System 3 has a medium body consistency. It is designed to offer the perfect compromise between firmer, more controlled applications of color and the need to cover large areas swiftly and evenly.

Summary: At the age of four, Will Martin lost his parents and went to live with his grandparents. The warm memories of life in a small town and the old-fashioned Christmas holidays he and his grandparents shared sustain him still as a young man making his way in the world. Years later, Will takes a leave of absence from his job in New York City to return home after his grandfather's death to help run the family real estate business. There he discovers something about his grandfather's past that shatters him and the memories of the life he so loved. At dinner one evening, his grandmother tells Will that she has been reading her husband's journals and learned that every Christmas Eve, when she and Will were out doing their traditional last-minute shopping, her husband was seeing a woman named Lillian. This year, his grandmother's Christmas wish is for Will to find out who Lillian is and why Will's grandfather, a seemingly devoted husband, saw Lillian every year for more than twenty-seven years and never mentioned her name. As Will struggles to salvage the family business and learn the truth about Lillian, he approaches a revelation that teaches him a lesson in the power of kindness, forgiveness, and love to uplift an entire community and touch each life within it. With an inspiring message wrapped in an irresistible mystery, this heartwarming Christmas tale will be cherished as a wonderful gift of the season by anyone who appreciates the magic of yuletide classics old and new. Summary: Centuries ago, by a scaffold in Manhattan, rose petals drifted gently to the ground. like snow on a wintry Massachusetts night. Melody Tarleton is driving home for Christmas when a man-clad in Revolutionary War-era costume- appears out of nowhere, right in the path of her car. Shaken, she takes in the injured stranger, listening with concern to Jake Mallory's fantastic claim that he's a Patriot soldier, sentenced to death by British authorities. The last thing he remembers is the tug of the noose. Safe at her parents' house, Melody concocts a story to explain the handsome holiday guest with the courtly manners, strange clothes and nasty bump on the head. Mark, her close friend who wishes he were more, is skeptical and her family is fascinated- though not half so fascinated as Melody herself. Jake is passionate, charming and utterly unlike anyone she's ever met. Can he really be who he claims? And can a man from the distant past be the future she truly longs for? With the aid of enchanted petals, ancient potions and the peculiar magic of the season, Melody and Jake embark on an unimaginable Christmas adventure- and discover a love that transcends time. Summary: It's no secret that cats are a mystery writer's best friend. Just ask the bestselling team of Rita Mae Brown and her furry partner, Sneaky Pie Brown, back on the prowl with another unforgettable whodunit. This time a controversial miracle in Virginia's Blue Ridge Mountains sparks religious fervorand a suspicious death. Now the indefatigable felines Mrs. Murphy and Pewter, along with the dogged corgi Tee Tucker, must trust their animal instincts to sniff out the worst of human nature. With the holidays approaching, Mary Minor "Harry" Haristeen and her best friend, Susan Tucker, take a much-needed time-out at the mountain monastery of Mount Carmel. There, under the benevolent gaze of the statue of the Virgin Mary, their worldly worries are soon overshadowed. For in front of their very eyes the statue begins to cry tears of blood. Legend has it that Mary's crimson tears are harbingers of crises. And though skeptical, the ever-practical Harry can already see one on the horizon. If leaked, news of the so-called miracle could turn the monastery and the town of Crozet into a circus. What Harry doesn't foresee is murder. When Susan's great-uncle Thomas, a resident monk, is found frozen to death at the base of the statue, foul play is ruled outat first. But at Harry's urging, the body is exhumed for an autopsy. There's just one problem: the coffin is empty. That's when Mrs. Murphy, Pewter, and Tucker get involved. Then there's the shocking revelation of a mystery that has perplexed the citizens of Crozet for ages. With Christmas around the corner and the monastery overrun by the faithful, all Harry's meddling menagerie can do is stay on her trail as she jumps knee-deep into an unofficial investigationone that becomes more dangerous when another Crozet citizen meets an untimely demise. In this case it will be a miracle if Harry stays alive. From the Hardcover edition. Bookseller Inventory # ABE_book_usedgood_0553582879

Elmer's White Foamboard

Read 42 Reviews | Write a Review

Here's a virtually weightless board made of a polystyrene foam core laminated on both sides with a white coated-paper stock. It makes a wonderful back-up for large framed work and a great mounting board for posters. Use it for tabletop displays and signs.

Foamboard cuts easily with a mat knife or utility knife and can be scored and folded for three-dimensional work. Standard foamboard is 3/16" (5 mm) thick. Other thicknesses are available in select sizes.

Note — Oversized packages do not qualify for free shipping offers. The large 40" × 60" (102 cm × 153 cm) package requires truck shipment.

I wanted a sexier top than I normally buy and this one is it! Does run a bit large, but it still keeps the girls in place. Although a little extra tape would make sure there's no slips! Very soft material and very comfortable!

Sexy Deep V

May 2, 2016

Fit:

This bodysuit is super sexy and super low cut. I usually don't wear anything this revealing so I felt a little self-conscious at first. Paired with a long, dainty necklace or long dangly earrings and a high waisted skirt and you have the perfect outfit for a night out. I bought mine in black but a girlfriend had the orange one and it was equally as nice. It does run a little big so I needed some double sided tape to secure everything and prevent a wardrobe malfunction. I would have definitely purchased a smaller size to ensure that it was tighter and everything stayed in place. Overall, I really like this bodysuit despite how revealing it is.

This deep v bodysuit leaves NOTHING to the imagination. It's really sexy, and for confident ladies only. This top is super sexy with a low back AND front. It looks great with jeans, skirts, leggings or shorts. It's easy to dress this up or down. Great utility top.

Loving this top. Great feature is the deep V. This top can be worn with a high waisted jean or a denim skirt. I do find I have many options to pair this top with. Glad express is branching out of just Black to other colors. I purchased a medium.

Gorgeous Color But Runs Large!

April 12, 2016

I fell in love with this bodysuit when I saw it on a manikin in the store! The color is a beautiful rusty red. Got it in size XS and I'm 100 lbs, 5.3"with a 32B chest size. The suit was a little loose on me, but I got it anyways and washed it in hot water and threw it in the dryer to make is shrink, which it did slightly and now it fits much better :) Also, the price for this bodysuit is great. I liked it so much I got it in black too!

Perfect for small chested people!

April 5, 2016

Fit:

I saw this online and fell in love with it but wanted to try it on in the store before buying it. I have a slightly longer torso so I worried that it would feel too tight around the neck and bottom. The material is so stretchy and the bodysuit is the perfect length for my torso (I am 5'5", 130 lbs, lean build). I usually wear a size small, but ended up sizing down to an XS because it runs a little big. I have smaller boobs, 34B/32C, so the size small felt like a wardrobe malfunction waiting to happen. The XS hugged me a little tighter and made everything perky and secure.

This coral top is very beautiful. I saw it at the store and it catched my eye because of its bright color, so I went ahead and bought it online. I ordered it in size Xs which is my size in this kind of tops. It fit perfectly. I'm very happy with this purchase and I totally would recommend it to a friend!

Really disappointed

I am always looking for pantyhose that come in "black." When I saw the Leggs Silken Mist Control Top in Black Mist, I was very excited. I took out a brand new pair on Sunday morning, 12/27/15, to wear to church. I just barely tugged on the top to put them on, looked down to see a very large hole on the front thigh, a run heading toward my knee and a run heading down the back leg!!! I was furious. I brought a 2 pack and am almost afraid to try the second pair. This is totally ridiculous! Brand new....didn't even get one wear out of them. I might as well have just thrown the money in the wastebasket. I would not recommend to anyone.

Leggy sheerness !

Silkenmist Control top with Ultrasheer leg are exactly as described. I ordered these since I was looking for a sheer look pantyhose to go with a new skirt my wife bought for me. I ordered the Sunbeige color in size B which was perfect for my weight and 5'-6" height. I had read the other reviews so I made sure my nails were filed and I used lotion to prevent any snags while putting them on. I was amazed at how silky sheer they were and the control top kept everything in place including some tummy control. The Sunbeige looked somewhat dark when I took it out of the package but when they were on my legs they were very sheer with just a hint of color. I wore these all day when we went shopping then out to dinner and they stayed in place the whole time without any sagging and they looked just like I had put them on at the end of the evening when we got back to our hotel. My wife loved how sheer they were on my legs and was happy to see just a hint of color from the Sunbeige. These have held up well with washing in a lingerie bag and my wife ordered four more pairs for me to wear.

Beautifully Sheer

I'm always looking for pantyhose or stockings that are very matte and don't have strong, visible lines in them from the weave. These are fabulous for the price. I've been buying Hane's Solutions Silky Sheer, which are beautiful, but twice the price. I love the look in a skirt wearing these pantyhose. They are delicate. I use some hand lotion before sticking my hand in them and do my best not to snag with my nails. They are listed as Ultra Sheer after all.....

Yes, I recommend this product.

WOW!! what a great pair of pantyhose!

I have been wearing the support style of L'eggs pantyhose for many years. I do from time to time check out new styles of pantyhose L'eggs introduces out of curiosity though.

I figured I would give L'eggs Silken Mist Ultra Sheer with Run Resist Technology, Control Top Sheer Toe Pantyhose a try. Wow, I was very impressed! From the minute I slipped into them, I could tell they were great! They fit fantastic, no bags or sags at the feet, ankles or knees like some other brands of ultra sheer pantyhose. They are VERY sheer, and very soft. The nude shade almost disappears on your legs. Just giving you enough coverage to make your legs look flawless!

They stay in place all day long, and the control top is the usual high quality control top you would expect

from L'eggs. Comfortable while giving great support!

These pantyhose are so comfortable, I honestly forgot I was wearing them most of the day!

Yes, I recommend this product.

they may not run but still get holes easy

they look and feel and fit great but within a few hours of putting on i was adjusting them and with just the lil force of pulling them up a hole began in thigh,it didnt run but now they have a big hole, wouldnt buy them again either, will stick with the sheer energy and sheer vitality ,those are stronger ,look and feel great and dont run or tear as easy.

No, I do not recommend this product.

Possibly the most comfortable pantyhose ever!

These ultra sheer Silken Mist are incredibly sheer, yet amazingly durable, and look fantastic. They stay in place better than most; no tugging them up needed all day. With these, it's easy to forget that you're wearing pantyhose. The nude color closely matches, yet enhances my natural skin color. Sun beige adds color without overdoing it. I'll be back for more of these. I only wish they came in bags of multiple hose rather than the single box.

Yes, I recommend this product.

Saved the day

I hate getting a run during the day and having to walk around with the feeling that everyone is looking at it. I was very skeptical when I purchased these but when I snagged my foot on my chair and then looked for that run but didn't see it I was soooo pleased. I turned the stocking so that my shoe covered it and kept on going. It was wonderful.

Yes, I recommend this product.

Item Description: Applause Theatre & Cinema Books, 2002. Book Condition: Used. This Book is in Good Condition. Clean Copy With Light Amount of Wear. 100% Guaranteed. Summary: Revised and updated to include a special section on the Royal National Theatre's production that Cameron Mackintosh is presenting on Broadway this Spring, this lavishly illustrated book tells the fascinating story of this landmark work that has taken its place in the pantheon of American musical history. When Oklahoma! adapted from Lynn Rigg's play, Green Grow the Lilacs, opened nearly 60 years ago, it was a daring, ahead-of-its time piece of dazzingly inventive theatre that exploded every myth about what constitutes a successful musical. Wilk traces its history from its inception at New York's legendary Theatre Guild. OK! recounts this first-time collaboration between Rodgers and Hammerstein; Agnes de Mille's groundbreaking choreography that would transform the future of musicals in its integration of story and character; the grueling tryouts in New Haven, Boston, and New York, and most of all, the uncompromising vision of all the artists connected with the production as they strove for theatrical excellence. Max Wilk is the author of more than twenty books, and has written extensively for film and television. Photographs. Advertising in theatre publications. Promotion tie-ins with Richard Rodgers Centennial Year events. Author interviews, booksignings, promotion. Bookseller Inventory # ABE_book_usedgood_1557835551

Item Description: Oxford University Press, 1994. Book Condition: Used. This Book is in Good Condition. Clean Copy With Light Amount of Wear. 100% Guaranteed. Summary: Lorenz Hart singlehandedly changed the craft of lyric writing. When Larry Hart first met Dick Rodgers in 1919, the commercial song lyric consisted of tired cliches and cloying Victorian sentimentality. Hart changed all that, always avoiding the obvious, aiming for the unexpected phrase that would twang the nerve or touch the heart. Endowed with both a buoyant wit and a tender, almost raw sincerity, Hart brought a poetic complexity to his art, capturing the everday way people talk and weaving it into his lyrics. Songs had never been written like that before, and afterwards it seemed impossible that songs would ever be written any other way. Lorenz Hart: A Poet on Broadway presents the public triumphs of a true genius of the American musical theatre, and the personal tragedies of a man his friend the singer Mabel Mercer described as "the saddest man I ever knew." Author Frederick Nolan began researching this definitive biography in 1968, tracking down anc interviewing Hart's friends and collaborators one by one, including a remarkable conversation with Richard Rodgers himself. A veritable who's who of Broadway's golden age, including Joshua Logan, Gene Kelly, George Abbott and many more, recall their uncensored and often hilarious, sometimes poignant memories of the cigar-chomping impresario who composed some of the best lyrics ever concocted for the Broadway stage, but who remained forever lost and lonely in the crowds of hangers-on he attracted. A portrait of Hart emerges as a Renaissance and endearing bon vivant conflicted by his homosexuality and ultimately torn apart by alcoholism. Nolan skillfully pulls together the chaotic details of Hart's remarkable life, beginning with his bohemian upbringing in turn of the century Harlem. Here are his first ventures into show business, and the 24-year-old Hart's first meeting with the 16-year-old Richard Rodgers. "Neither of us mentioned it," Rodgers later recalled, "but we evidently knew we would work together, and I left Hart's house having acquired in one afternoon a career, a best friend, and a source of permanent irritation." Nolan captures it all: the team's early setbacks, the spectacular hour long standing ovation for their hit song, "Manhattan," the Hollywood years (which inspired Hart to utter the undying line, "Just because you're paranoid doesn't mean the bastards aren't out to get you"), and the unforgettable string of hit shows that included "On Your Toes," "The Boys from Syracuse," and their masterpiece, "Pal Joey." But while success made Rodgers more confident, more musically daring, and more disciplined, for Hart the rounds of parties, wisecracks, and most of all drinking began to take more and more of a toll on his work. When Hart's unreliability forced Rodgers to reluctantly seek out another lyricist, Oscar Hammerstein II, and their collaboration resulted in the unprecedented artistic and commercial success of "Oklahoma," Hart never truly recovered. Meticulously researched and rich with anecdotes that capture the excitement, the hilarity, the dizzying heights, and the crushing lows of a life on Broadway, Lorenz Hart is the story of an American original. Item Description: Black Dog & Leventhal Publishers, 2010. Book Condition: Used. This Book is in Good Condition. Clean Copy With Light Amount of Wear. 100% Guaranteed. Summary: The remarkable, unprecedented biography of the Hammersteins, Broadway's greatest and most influential family, as told by Oscar Andrew Hammerstein The Hammersteins is the story of one of Broadway's most creative and productive families. It is a story that begins in 1864 when Oscar Hammerstein I emigrates to America, establishes himself as a successful cigar merchant and turns his attention to the business of music and theaters. He builds many theaters including New York's most majestic opera house. He turns Times Square (then Longacre Square) into the theater capital of the world. His sons, Willie and Arthur carry on the tradition and nurture such talents as Will Rogers, W.C. Fields, Al Jolson, Houdini, and Charlie Chaplin. Willie's son Oscar II becomes the most successful lyricist of all time, writing the story and words to the Broadway shows Showboat , Oklahoma , South Pacific , Carousel , The King and I , and The Sound of Music . The accomplishments of this family are monumental. Their tale is enchanting. Written by Oscar "Andy" Hammerstein (Oscar II's grandson), The Hammersteins presents a multi-layered portrait of the Hammerstein legacy, complete with personal and professional highlights, as well as the scandals and tragedies. The book also draws heavily upon the family archives, presenting a rich collection of photographs, theatre blueprints, letters, programs, patents, and more, much of which has never been seen before. The Hammersteins is at once a deeply personal story of an American family living the American dream and a celebration of musical theater in this country. These shorts are perfect for a slimmer child. My kids like wearing them to school but don't feel like they can move around in them enough to play basketball in them. They look very nice.

I ordered these for my son who is in 8th grade. He only wore these shorts once because they are so long. They go to the middle of his calf. He liked the material and look of the shorts when they were not on. He is very athletic and these shorts just don't work for all of the sports he plays.

Comments about *roxy Noosa Floral Surfer Bikini Bottoms*:

I really love this bikini bottom. I got the matching tri top with it and it is my favorite swim suit I have ever owned The reason I am giving it 4 stars instead of 5 has to do with what another reviewer mentioned: the white mesh lining on the waistband. It moves around and flares out. If I don't pull the bottoms up all the way (it is very low-waisted), it can look funny. And show more than I want it to. However, the bottom is very flattering. The right cut. I was skeptical as I haven't owned any super cheeky suits (which I would call this style), but I actually really like it. I have gotten a lot of compliments on it. And the color and print are really very nice. Overall, I highly recommend.

Comments about *roxy Noosa Floral Surfer Bikini Bottoms*:

I will honestly say I debated sending this back for a while, but in the end I kept it and I'm glad I did. The print is really cute, I received a lot of compliments when I wore it on vacation with the matching tri bikini top. But I was worried it was a bit loose for my liking (I ordered a small and I wear size 00 jeans), but it sort of shrinks/gets tighter when in the water, so it actually held up pretty well during paddle boarding. I will say though that it is fairly low waisted and the white trim doesn't stay against your skin, it sort of flairs out and makes it seem even more low waisted (sorry it's hard to describe), so just make sure you clean up your bikini area before wearing!

These slippers are fantastic! I have been wearing these slippers for some time now and when I tell you that they are the most comfortable footwear I've ever had on my feet I'm not kidding. They feel great right out of the box. When wearing these bad boys it feels like a hundred little baby bunnies are nuzzling your toes.

Great Slipper - My husband loves the slippers, I purchased them as a birthday present. They are very comfortable and warm, he likes that they are enclosed and they have great cushion for the bottom of his feet.

This was a great buying experience for my first time with Zappos. I ordered these slippers for my son. they arrived the next day. He loved them! I was so impressed with the service, quality and price I immediately ordered another pair for my nephew. Again love at first fit! These seem to be true to size and according to the boys these are so comfy. They never want to wear anything else. It's all about the creature comforts after all! I have been recommending Zappos to everyone and would highly recommend these slippers according to the feedback I have gotten.

I'd also recommend: LL Bean, Ugg

Excellent slippers. They keep my feet warm and comfortable and the sole is substantial enough that I can walk outside to get the morning paper. Well worth the money.

These are appropriately named, as they quickly became new old friends to my feet. When I ordered, I had to guess at the size, but it was correct. When I'm at home, I often live in these.

Very comfortable, straps don't slip, great support! I did have to go down a band size (normally I'm a 38). Would love to see some different color choices (more solids than faded).

Sometimes a craft project or a presentation needs a little bit of added fluff to give it that je ne c'est quoi. Jo-Ann's selection of craft Pom Poms will perfectly accessorize and liven up anything you're working on and give it texture and color to make it pop.

For heavy duty Pom Poms needs, a half-pounder bag of poms in five sizes and 20 different colors will do the trick. When stringing pom poms across the room is order, for a birthday party or celebration of the end of a school year, pom pom garland will fluff up the party space. And for the holidays, liven up a family or office party with some shimmer and shine with Tinsel Pom Poms in gold, green, white, and red.

Note from our Techs:Currently, our most recommended & popular brand of Region-Free Blu-ray Players is from Sony. Known as the inventors of Blu-ray technology, Sony offers a lineup of high-quality, affordable players loaded with the latest technology, the most practical/useful features and an abundance of streaming apps. Sony's players are also the only players equipped for Amazon Instant Video on Demand.

Toshiba, Samsung and LG are excellent alternatives to Sony – they are also very popular and economical choices. For those in search of the highest quality components and performance, we would proudly recommend Yamaha, Pioneer Elite models and of course, Oppo.

Buy	**$449.99**	SH9591, size 44-48
Buy	**$499.99**	SH9596, size 50-56
Buy	**$549.99**	SH9598, size 58-62

Our Honest Opinion

The Majestic Santa Suit is what Santa Claus wears. This Santa Costume has everything: the rich burgundy color, the *thick* pile-plush material, the all day comfort of the satin-lining, the *large decorative etched* belt buckle, the long-hair faux rabbit hair trim and the Naugahyde boot covers. Once you wear this costume, you will believe that you are Santa Claus. Keep in mind that the Majestic Santa Suit is designed with ample room so that the jacket will drape well in photos and not be confining or uncomfortable when sitting with children. Slender Santas may find this style overwhelming for their body type.

If you're undecided between the Majestic Santa Suit and the Professional Santa Suit, focus on the thickness of the pile-plush. The principal difference between these Santa Suits is the extra thickness of the pile-plush in the Majestic Santa Suit that gives a majestic appearance.

The Majestic Santa Suit is produced by Halco, the premier makers of Santa Suits in the world. They have been featured in movies, television shows and commercials. The Majestic Santa Suits had been sewn in Pennsylvania for 60 years but Halco modified production in 2008 to remain competitive. The design, patterns, fabrics and colors are still developed in America but the sewing now takes place in China. Each year, the Halco team leaves Pennsylvania and takes residence in China to oversee the sewing. This guarantees the highest quality Santa Suits.

Comments about Vineyard Vines Leather Flip Flops:

The flip flops seem durable, have good cushion, and have some good quality weight to them. Very stylish and perfect for warm weather. Also like the one whale on one of the flip flops, not on both.

3.0 **Cute! But not comfortable** 5/6/2016

Comments about Vineyard Vines Leather Flip Flops:

I love Vineyard Vines, but I found the flip-flops to be very uncomfortable around the strap and very heavy. They are unisex so get a smaller size if you are a female. I love the design of the sandal but they are not comfortable.

Comments about Vineyard Vines Leather Flip Flops:

I have had these flip flops for almost two years now and they were a great shoe for a while. After nearly a year and a half, the strap broke on the side but I was able to super glue it back together without much issue. Another 8 months later, the same strap broke again. These flip flops are pretty comfortable but take a fair amount of time to break in. I'm thinking about buying the ones with the canvas strap (likely more durable and won't break).

Product features

Easy made easier
This incredibly easy-to-use camera slips right in your pocket, ready to capture a memory at a moment's notice. Get close to faraway subjects with 5x optical zoom, then snap gorgeous 20.1 MP photos or record beautifully detailed HD video. Your pictures will come out crisp and clear thanks to the professional-grade Sony lens with Optical SteadyShot image stabilization. For even more fun, enhance your stills and video with built-in creative effects like toy camera and pop color. Or try beauty effects to adjust skin tones, remove blemishes and even whiten teeth-it's perfect for portraits.

Sony lens with 5x optical zoom
Bring all the action straight to you and capture it all via the professional Sony lens that features 5x optical zoom plus 10x Clear Image digital zoom.

Say goodbye to blur

Don't let a not-so-steady hand prevent you from capturing the moment. Optical SteadyShot image stabilization with intelligent active mode compensates for camera shake by countering camera movements in both horizontal and vertical directions. Get sharp, blur-free footage and photos in otherwise unsteady situations, like shooting video while walking or zoomed in.

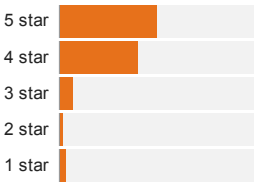

More pixels please
Capture high-resolution images with superb contrast and clarity down to the finest detail thanks to the 20.1MP Super HAD CCD image sensor. More pixels means you can enlarge, zoom in and crop your pictures without jeopardizing quality.

Take it easy
Put your camera in easy mode to make taking shots a snap. This handy feature minimizes the layers of options in your menu, taking a lot of the guesswork out of getting perfect pictures.

Effortless effects
Let your imagination run free with a variety of fascinating in-camera effects for your still images (4 modes), videos (4 modes) and even sweep panoramas (3 modes). Picture effect makes it quick and easy to find the perfect accent that makes your subjects come alive in charming, funny or interesting ways.

Panoramic photos up to 360°
Use sweep panorama mode to get breathtaking panoramic shots of up to 360 degrees. Capture sprawling landscapes and captivating cityscapes by pressing the shutter and sweeping the camera in the desired direction. The camera handles the rest, shooting multiple images at high speeds then seamlessly stitching them together to create one continuous image.

★★★☆☆ **Basic but good** – March 9, 2015

Shuga – March 9, 2015

I brought this camera, bc my 9yr old daughter drop & broke my Samsung & I needed a camera for my son 1st bday party & I didn't want to spend a lot of money. This is a good basic small camera that gets the job done for now. It doesn't have the video option like my Samsung. This camera takes really good pictures, but sometimes the focus goes off making the pic blurred for no reason, but it doesn't happen a lot. It has the zoom in/out which works great.

★★★★★ **Compact, versatile** – July 27, 2015

JimMc – July 27, 2015

I purchased this as a small, quick camera. I was hooked by the ISO 3200 setting, which allows me to take pictures in concert settings without a flash. It still requires a steady hand, but my cellphones were never able to produce any good photos in those low-light settings.

Minor annoyances on first use: Don't try to remove what looks like a paper coating on the lens. It belongs there to protect the lens cover. Also, the battery can be inserted the wrong way or the right way. Double-check the contacts to make sure you get it right. These are only first-time problems.

I got a great price on this camera at Best Buy, and it is so tiny that it has become my go-to camera when I don't want to haul around a large SLR. Picture quality is excellent, and you can go full auto or ... more »

★★★★☆ **Purchased to use instead of camera phone** – August 3, 2015

csjonesy – August 3, 2015

All in all I'm happy with the camera, image quality is great for the price.
One last comment - pick up a camera case when you buy this. CSJ more »

Guard Tankini

6/4/2015

By **Ruth**

This product works really well. It's a swimming suit how would it not? Anyway it fits a little big in the top so I have to wear a sports bra underneath it, but it's really comfortable and I can swim fast if I need to get to someone.

cute with adjustments

6/13/2014

By **emmy**

Delivered quickly, good quality. But runs big. Also not padded well around the chest area and slighlty see through.....not good. Can be solved with a sports bra worn under but who wants that? I bought for my 13 yearold daughter who is not quite a jr. Or womens and still ran big. She needs full coverage in the chest area. Super cute so decided to keep for when she is older.

Don't buy - poor quality

By **Debbie S.**

I purchased two suits and in a matter of less than two weeks the guard lettering is already peeling off. Because it is a swimsuit used for work purposes I will now have to purchase more!

Nice Fit - poor lettering

8/11/2014

By **Julia**

Good: Bathing suit has a nice fit - a bit more coverage in the back from some of the other lifeguard suits.
Bad: the lettering peeled off after less than 2 weeks of wearing and washing. Now I have a red bathing suit - not a lifeguard suit.

Wonderful So Far!

5/31/2014

By **Lifeguard Abi**

I'm 5"4" and 115 lbs and the size 28 is perfect for me. It's taught, but in an athletic way. I also know that with wear, sun, chemicals, etc. the elasticity may start to wane, so I hope late into this summer season it will still fit.
I've had Sporti's for all my guard suits, so I'm not really worried about it since I know it's an awesome, inexpensive suit!

Long lasting!

I am a lifeguard and swim instructor so I am in the water a lot. This suit (along with two other Sporti suits) lasted me two years. It is getting worn out now but two years for this price is pretty great!

This suit is perfect for lifeguarding. It's very comfortable and is a great price. I'd recommend one size down from your normal practice suit, however, since it runs a little big.

Excellent Experience with this product

5/29/2013

By **Bre**

I have been a lifeguard for 5 years and every summer I get a new suit from here and have tried various different styles, etc. I ordered the product on Monday and it was here the next morning! I prefer this suit to all of the others because it maintains its shape even though it is washed almost daily, the red resists sun-bleaching much longer than other brands, it doesn't snag on pavement too easily, it breathes, especially on the really hot days and, for me, the most important part was the that the 'neck of it' doesn't come up too high leaving tan lines that aren't easily covered by tank tops. Ladies, definitely get this one, I've tried them all!

Product Description

Wild with exotic adventure and laughs, Disney's TARZAN(R) is a magnificent adaptation of Edgar Rice Burroughs' classic story of the ape man! Raised by a family of gorillas, including the loving Kala and the wisecracking Terk, Tarzan develops all the instincts and prowess of a jungle animal. But with the sudden appearance of Tarzan's own kind, including the beautiful Jane, two very different worlds are about to become one. Driven by five powerful songs from pop superstar Phil Collins, and starring the voice talents of Minnie Driver, Glenn Close, and Rosie O'Donnell, Disney's TARZAN delivers incredible adventure as well as important reminders about acceptance and family!

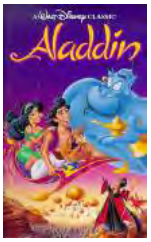

Amazon.com

After viewing *Snow White and the Seven Dwarfs*, Edgar Rice Burroughs wrote to Walt Disney about adapting his novel of an ape-man into a feature animated cartoon. Sixtysome years later, the tale is finally told with brilliant design work that looks unlike any previous animated film. The story is a natural for Disney since the themes of misunderstood central figures have been at the heart of its recent hits. Disney's *Tarzan* doesn't wander far from the familiar story of a shipwrecked baby who is brought up by apes in Africa. What gives the film its zing is its clever use of music (the songs are sung by Phil Collins himself rather than onscreen characters) and the remarkable animation. Deep Canvas, a 3-D technology, was developed for the film, creating a jungle that comes alive as Tarzan swings through the trees, often looking like a modern skateboarder racing down giant tree limbs. The usual foray of sidekicks, including a rambunctious ape voiced by Rosie O'Donnell, should keep the little ones aptly entertained. The two lead voices, Tony Goldwyn as Tarzan and Minnie Driver as Jane, are inspired

Tarzan is Much More Than the Cover Describes
By Kevin Pepper VINE VOICE on June 7, 2014

Format: Blu-ray

One of the benefits of belonging to the Disney Movie Club, is the ability to get movies before their intended release dates. I just got Tarzan blu ray in the mail this morning, and I wasn't expecting more than the movie and the few paltry extras listed on the packaging. Well imagine my surprise when I popped the disc in and found that it apparently includes all of the material from the long out of print 2 DVD set from years ago!! Someone can check me on this, as I no longer own that set, but this seems to be everything I remember. With this blu ray release you get an improved picture with beautiful colors and clear animation lines, a robust DTS 5.1 soundtrack, and all of these extras.

Classic Bonus Features:

Great DVD Features, Annoying Forced Previews
By Christopher Evans on February 1, 2000

Format: DVD

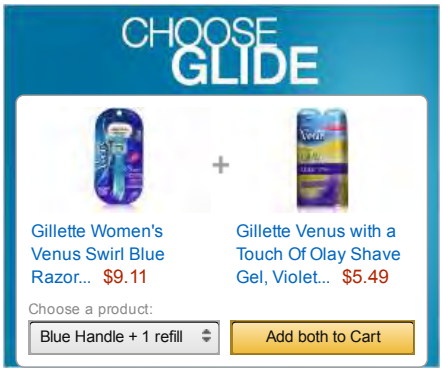

The Tarzan DVD has a nice Storybook reading feature and some other bonuses, but also has an extremely RUDE feature: When you first start the DVD, Disney shows you 3 minutes of previews before launching the main menu. No fastforwarding or skipping allowed! What a dumb way to cheapen an otherwise great product.

Great Movie - But Flawed Audio!
By SALVATORE ALIOTO on February 4, 2000

Format: DVD

The movie is great, I like it at home as much as I did in the theater, BUT...There appears to be a glitch with the sound. The front left and rear right audio channel is SWITCHED. Disney is aware of

★☆☆☆☆ **WARNING--botched sound--WAIT FOR SPECIAL EDITION RELEASE**

By Brian on February 5, 2000

Format: DVD

The one star I give is because of this version, not the movie itself. THE SOUND IS FAULTY! The left front and rear speaker merge the sound. If you already have purchased this movie I suggest starting it at 31:00 and you will hear the gunshot, noticibly flawed. The thing is, Disney has admitted to the mistake yet comments this does not warrant a recall? Sorry, but if I buy a shirt and it has even a tiny hole, I'm going to want to exchange it for one without the hole. And that exchange should not bring about an argument with the reseller. Disney apparantly does not feel the same way....
For those who have not bought this movie already, WAIT AND THERE WILL BE A SPECIAL EDITION COMING OUT IN APRIL WITH THE MISTAKE CORRECTED. The mistake will also obviously be corrected in future pressings of this edition, but with 700,000 already pressed you would not be able to know if you were getting a 'good' copy. The special edition will also have more extras that so many people have complained the previous Disney releases ignored.
On a brighter side, the movie itself I would rate a 5. The distorted noise doesn't make the movie unwatchable...you just feel cheated. One last comment to a previous response who said that the sound was bad because it was 5.0 instead of 5.1: this is how it was released in theaters as well; it is not a mistake or way of cutting the cost.

★★★★★ **How to make a gem without violence!**

By Eduardo Middleton K. on November 30, 1999

Format: DVD

Technically, this movie is perfect. Great songs, beautifully designed scenarios, endearable funny characters and a strong feeling of nostalgia for movies that aim to a higher message. Regretfully, whoever is a parent these days is having a lot of trouble to explain the violence shown in cartoons to their sons. Moreover, it's hard to endorse any t.v. cartoons other than Pinky and the Brain or history related ones. Tarzan demonstrates that there is such thing such as a Family Film and that you can create visually stunning gems as this movie and, still, send a message other than gross scenes or blood and guts spilled all over. Thank you, Disney.

★☆☆☆☆ **BUYER BEWARE!!!**

By Technophobe on October 10, 2005

Format: DVD

After publicizing this release as a 2 disc set, disney finally changed its mind and released it as a barebones single disc. Those who were waiting to get all those great behind the scenes stuff available previously on "tarzan 2 disc collector's edition" will be thoroughly disappointed with this release.

However, those who missed out on previous 2 disc collector's edition and want to own tarzan on a two disc set, still have the option of buying it from amazon.co.uk, where it has been released as a 2-disc special edition with all those behind the scenes stuff from previous collector's edition. Just make sure you have a multi-region dvd player which plays discs from all regions.

Do not buy this unless you just want to own the film. Better still search for the old collector's edition. It will be worth all the money spent.

I almost liked these simple slippers. But the design of the shoe had the top edge pressing across the top of my feet in a very uncomfortable way. They may work for others with feet that lay flatter.

Love this slipper. I want to live in it. If you have a tempurpedic bed, then you understand. Some of you might not like the low back at the heel. Only comes up an inch.

Take notes in classic style with the Tops Wide Ruled Composition Book. It contains 100 sheets that are center sewn for a long-lasting usability. Use this classic school and office supply for note-taking, record-keeping, sketching and more. The precision ruling is printed in blue and red ink. Wide-ruled line width is an excellent choice for younger students, those with large handwriting or if you prefer an open look in your compositions. Each sheet is white for maximum contrast with blue or black ink and includes blue ruling. A red margin line on the left side provides a spot for additional notes, doodles and comments. With rigid front and back covers, this item is durable enough to use frequently and toss in a bag for storage without wrinkling the pages. The cover features a timeless marble composition book design. It makes a great school gift. This Tops composition book is bound on the left side and comes in assorted colors.

I love the timer. I also like that they give you four different brushes to try Sensitive, Normal, Deep Clean and Dual.

not a pack of 4

8/16/2014

✔ Verified purchaser

The one notebook I got seemed fine, and yes it does say color will be chosen randomly, but I still thought that for close to $2.00, I would get more than one notebook. I bought them for .50 each at the competition.

Not what I was counting on

8/26/2014

✔ Verified purchaser

When I purchased the product I thought I was getting all 4 notebooks, 1 green, 1 purple, 1 red, and 1 blue. But no instead I received only 1 red. I'm not so much disappointed in the price, even though I only got one book (since it was cheap to begin with). But since i only got one, that meant I had to go and find 2 more, as well as I was not able to pick the color out.

Love it!!!

Anonymous 2238 days ago

I received this book as a gift for my birthday, and I am very excited about it. I have not yet played all of the songs, but the ones I have played are easy to follow and sound very much like the original soundtrack. This book contains the songs As Long as You're Mine, Dancing Through Life, Defying Gravity, For Good, I Couldn't

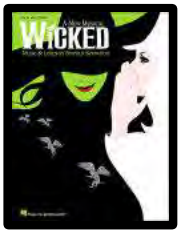

Be Happier, I'm Not That Girl, NO Good Deed, No One Mourns the Wicked, One Short Day, Popular, What Is This Feeling?, The Wizard and I, and Wonderful. I definitely recommend this to any Wicked fans!

not all Victorias bras are cut the same, make sure you know the proper fit before purchasing online. I ordered two different bras online and they were cut much smaller than all the other bras I have purchased in the store

Quality is great, fits great, lasts longer than other bras I purchase. Just wish it wasn't so expense. I never shop without coupon but even then I feel like I'm paying an awful lot.
